Dear Friends:

On behalf of the Senate of Canada, I wish to offer my congratulations to Montreal's Festival Accès Asie. As the longest running Asian Heritage Month celebration in Canada, this festival highlights the diversity of the arts community in the city of Montreal.

As a truly multicultural city, Montreal is enhanced by the diversity of its population leading to a vibrant arts community. Asian Heritage Month offers all residents an opportunity to learn more about how Asian Canadian artists are influencing the artistic and cultural traditions of Montreal.

I encourage everyone to come out and share in the intercultural dialogue created by diverse presenters in many art forms from the traditional to the contemporary.

Yours sincerely,

Vivienne Poy
