ASI 2006

PanCanadian Digital Creation Contest /
DJ/VJ Night

Montreal, March 23, 2006 — After its success in 2005, Festival Accès Asie is proud to present ASI 2006, 2nd edition of the PanCanadian Digital Creation Contest. Unique evening for a singular event at the Society for Arts and Technology [SAT], May 5 at 8pm. After the screening of the winning creations selected by a specialised jury, and to celebrate this great evening of digital creation hosted by the charming singer Athesia, local DJs and VJs of Asian descent will electrify the evening until dawn with original multimedia audiovisual shows. There will be DJ Mademoiselle (Japan), DJ Tapesh (Iran), DJ PhilGood (Vietnam/Spain), VJ Cobra (Vietnam), VJ DimSum (Thailand) and VJ Pillow (Vietnam).

ASI is destined to promote a new Asian culture as well as the present generation that promotes it. For its second edition, the creations will be inspired by the theme "**Crossroads**". Life is made of a multitude of lines that cross each other. We live in a world where cultural identities are all mixed up. Crossroad is an encounter. Whether it is a video portrait, an audiovisual poem, a work of fiction, a type of animation, an artistic or philosophical attempt, an experimental video or simply a documentary, every form is appropriate for expressing this view.

A digital image section is added to this year event. This section is opened to photographers, illustrators and digital artists. Prizes will be awarded by a jury to the most outstanding productions.

At the Society for Arts and Technology [SAT], May 5 at 8pm
1195 St. Laurent Blvd., Montreal
Information: (514) 523-1047 www.asi-mtl.ca www.accesasie.com
Tickets: \$10 (\$5 before 10pm) (tickets on sale at the door only)
